Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahulul and Hilo occur about one hour earlier than at Honolulu. Honolulu standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 mins. The time whistle blows at 1:30 p. m., which is the same as Greenwich 0 hours 0 minutes. The sun and moon are for local utes. The sun and moon are for local time for the whole group.
